Role: Software Developer
Company: N/A

Dear Hiring Team, I am writing to express my strong interest in the Software Developer role at your company. With 5 years of hands-on software development experience, I have built and delivered web solutions across frontend and backend responsibilities. I focus on writing clean, maintainable code, collaborating effectively with cross-functional teams, and delivering reliable features that create measurable business value. I would welcome the opportunity to contribute my technical skills, ownership mindset, and continuous-learning approach to your team. Thank you for your time and consideration.
