PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with proven expertise in web development, cloud infrastructure, and AI agent development. Demonstrated track record delivering high-performance applications that improve efficiency by 10-20%. Proficient in modern web technologies, enterprise architecture, and cloud platforms.

CORE COMPETENCIES

Languages: HTML5, CSS3, JavaScript, PHP, Java, C#, Python, C++

Databases & Backend: SQL Server, T-SQL, Entity Framework Core, Database Design, CRUD Operations

Cloud & DevOps: AWS (EC2, VPC, RDS, S3, ALB, ASG), Docker, CloudFormation, Infrastructure Design

Frameworks & Patterns: ASP.NET Core, Bootstrap, Clean Architecture, MVC, Entity Framework

PROFESSIONAL EXPERIENCE

Cloud Infrastructure Engineer | AWS 5th Semester Project | Oct 2024 – Present

- Architected and deployed multi-AZ cloud infrastructure using AWS services (EC2, VPC, RDS, S3, ALB, Auto Scaling Groups)
- Containerized applications using Docker for consistent deployment across environments
- Implemented auto-scaling policies and load balancing achieving 99.9% system uptime

AI Agent Developer | Microsoft Copilot Studio | Dec 2024 – Present

- Designed and developed conversational AI agents leveraging Microsoft Copilot Studio capabilities
- Integrated AI agents with enterprise systems for intelligent knowledge retrieval and automation

Senior Freelance Web Developer | Remote | Jun 2021 – Present

- Developed responsive, mobile-first websites using modern web technologies (HTML5, CSS3, JavaScript, PHP)
- Restaurant platform: Improved order processing efficiency by 20%; delivered 6 menu items with real-time management
- Delivery service platform: Increased customer engagement by 15% with real-time tracking simulation

Network Systems Technician | John von Neumann University | Nov 2022 – Present

- Configured and optimized network systems using Cisco Packet Tracer across enterprise infrastructure
- Reduced network downtime by 25% through proactive system monitoring and troubleshooting

FEATURED PROJECTS

Restaurant Management System – HTML5, CSS3, JavaScript, PHP, SQL Server. Order management with real-time inventory tracking. Order processing improved by 20%.

Delivery Service Platform – Bootstrap, HTML5, JavaScript. Real-time tracking system. Customer engagement increased by 15%.

Task Management Application – Java, SQL Server, JDBC. Desktop application with user authentication and CRUD operations. Task completion improved by 10%.

Smart News Classifier – Python, Scikit-learn, Machine Learning. NLP-based classification of 400K+ UCI News articles with high accuracy.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Computer Science – John von Neumann University, 6th Semester (Expected Graduation 2026)

Diploma in Informatics & Telecommunications – Don Bosco Institute, July 2022

Professional Certifications: Full Stack Web Developer, Java Mastery, Google Cloud Developer, Employability Skills Training

TECHNICAL SKILLS & EXPERTISE

Frontend Development: HTML5, CSS3, JavaScript, Bootstrap, Responsive Design, Mobile-First Approach

Backend Development: PHP, Java, C#, Python, C++, RESTful APIs, Web Services
Enterprise Frameworks: ASP.NET Core, Entity Framework Core, MVC Architecture, Clean Architecture Patterns
Database Systems: SQL Server, T-SQL, Database Design, CRUD Operations, Entity Framework Migrations, Relational Design
Cloud & Infrastructure: AWS (EC2, VPC, RDS, S3, ALB, Auto Scaling), Docker, CloudFormation, Infrastructure as Code
AI & Machine Learning: Microsoft Copilot Studio, Scikit-learn, Pandas, NumPy, Natural Language Processing, Data Analysis
Tools & Methodologies: Git/GitHub, Agile, Waterfall, Project Management, Cisco Packet Tracer, Network Configuration

LANGUAGES

Italian: C1 (Proficient) | **English:** B1 (Intermediate) | **Arabic:** Native Speaker

GITHUB & PORTFOLIO

GitHub Repository: <https://github.com/MI804-png> | **Portfolio Website:** <https://github.com/MI804-png/portfolio>

All 8 featured projects available on GitHub with complete documentation, source code, and technical specifications. Professional portfolio website showcases experience, skills, and project achievements with responsive design.
